Apps for iPads	

## Apps for iPads

A Handful of Apps to Add to Your iPad, by Richard Byrne at <a href="http://ipadapps4school.com">http://ipadapps4school.com</a>

Penultimate - A place for hand-written notes on an iPad.

Evernote - The Swiss Army knife of iPad apps. Students can use Evernote for a little bit of everything from bookmarking websites to dictating self-notes. The app will automatically sync with students online Evernote accounts.

Feedly - Takes RSS subscriptions and lays them out in a nice magazine style format that makes it easy to quickly scan headlines and images attached to articles.

Three Ring is a fantastic, free service for digitizing and organizing students' physical work.

Quick Key is an app that turns your iPhone (it also works on iPad) into a bubble sheet scanner using two parts to it that when combined, make it very easy to quickly grade multiple choice and true/false quizzes.

Pinterest for iPad app - A board started for this blog.

videos with many other options.

Skitch for iPad - An app to quickly edit, create, and or draw on an image Haiku Deck - An iPad app that enables anyone to create beautiful slide presentations. Haiku Deck intentionally limits how much text that one can put on each slide. Helps students find Creative Commons licensed images for their presentations. Can also upload images from an iPad or import images from Instagram and Facebook.

Knowmia Teach iPad app - An excellent app for creating your own whiteboard
